WORK **Freelance Developer**

MARCH 2009 - CURRENT

CLIENTS:

Doner LA

2016, On-Site

Details:

At David & Goliath I worked with multiple account and creative teams to create hundreds of banner ads in both Flash and HTML/CSS/Javascript for both Google DoubleClick and Sizmek (MediaMind) platforms.

Projects:

Nescafé/Ricky Martin Make the Concert Happen, Nescafé Taster's Choice Hub, DiGiorno Rise to the Occasion

David & Goliath

2013 - 2016, On-Site

Details:

At David & Goliath I worked with multiple account and creative teams to create hundreds of banner ads in both Flash and HTML/CSS/Javascript for both Google DoubleClick and Sizmek (MediaMind) platforms.

Projects:

KIA Banner Ads, California Lottery Banner Ads, Jack in the Box Banner Ads, The Art Institute Banner Ads

Oprah Winfrey Network

2010 - 2014, Remote

Details:

Beginning about a month before the network's launch and lasting until 2014, I was solely responsible for creating all of the Facebook Apps for both the Oprah Winfrey Network as well as a few for O Magazine. I worked as a full-stack LAMP developer and created numerous apps for contests, show pages, live streams and games. Additionally, I created a custom CMS that allowed them to update some of their content on their own.

Projects:

Oprah's Thank You Game, Lance Armstrong Live Stream, O Magazine Getaway Contest, O You! Sweepstakes, OWN New Season Promo, Oprah's LifeClass Sweepstakes, OWN: The Judds Sweepstakes, America's Money Class Sweepstakes, Lovetown USA Sweepstakes, Super Soul Sunday Livestream

TBWA/Chiat/Day

2011 - 2013, On-Site

Details:

At Chiat I worked on a wide variety of projects for all of their clients, usually juggling multiple projects at the same time while working with a number of account, creative and development teams. My development work included Flash sites, Wordpress blogs, Facebook apps, banner ads and HTML e-mails, and my roles on those project were either as a full stack (LAMP) developer or as a front-end developer working within a team of developers.

Projects:

Principal Financial Dreamcatcher, Diet Pepsi Photobooth, Nissan LEAF Gas Powered Everything, Nissan LEAF World of Zeros, Infiniti EV Blog, Infiniti Live Stream Facebook App, Tostitos Party, Nissan LEAF Banner Ads, Infiniti Banner Ads

Addison Interactive

2012 - 2013, Remote

Details:

At Addison Interactive I worked primarily as a Flash Developer and occasionally as a front-end developer on media and entertainment projects, either as the sole developer or within a team of developers. Projects I worked on included full sites, Facebook Apps, splash pages and games.

Projects:

New Girl: Problem Solver, NBC Revolution Contest Facebook App, Great Gatsby Countdown Site, The Dark Knight Rises Blu Ray Site, The Hobbit Blu Ray Site, Kung Fu Panda Game, Neighbors Movie Splash Site, The Mortal Instruments: Shadowhunter Photobooth, Smurfs Countdown Site, Three Musketeers Site, Tony Bennett Site

Bemis Balkind

2010 - 2011, On-Site

Details:

Worked as the sole developer within the company on a small digital team building Flash sites for a few entertainment projects.

Projects:

CBS TV on DVD, Season of the Witch Movie Site, The Warriors Way Movie Site

Cimmaron Group

2009 - 2010, On-Site

Details:

At Cimarron Group I worked as a Flash Developer on a number of entertainment projects, either as the sole developer or within a team on larger projects.

Projects:

Harry Potter: The Road to Hogwarts, MGM: Skylofts, The Possession Movie Site, The Dark Knight Rises DVD, The Hobbit DVD, Valentine's Day Movie Site, The Debt Movie Site, Ice Age 3 Movie Site, Clint Eastwood 35 Films 35 Years, Warner Bros - Warner Blu

Additional Freelance Clients:

Ogilvy & Mather, B-Reel, Kastner & Partners, New Chapter, Heavenspot, Stopp LA, TVGLA, Creative Asylum

65 Media

FEBRUARY 2007 - MARCH 2009

Senior Flash Developer

Details:

At 65 Media I started as a Junior Flash Developer and worked my way up to a Senior role, working on entertainment projects under tight deadlines. The highlight of my time there was winning a Webby award for The Simpsons Movie website and Avatar Creator.

Projects:

The Simpsons Movie Website, Kite Runner Movie Website, Ratatouille DVD Site, Lucky Strike Lanes, The Simpsons Ride, The Queen DVD Site, Spiderman 3: The Game, Fringe, Kyle XY Site

Crossroads Films

SEPTEMBER 2005 - FEBRUARY 2007

Media Specialist / Webmaster

Details:

At Crossroads Films I was responsible for maintaining the company's website, creating sites for pitches, and a variety of other tasks for their LA, New York, London and Chicago offices.
